---

**About the Presenters**

**Wayne Murphy** was a building contractor for many years before coming to the City of Minneapolis as a Housing Inspector. He now works in the Problem Properties Unit with the City of Minneapolis, which includes dealings with vacant and or abandoned properties.

**Cari Williamette** currently works as a Senior Electrical Inspector for the City of St. Paul. She has worked as an Electrical Inspector since 2002 and has spent most of her career training and working to be an expert Electrician. When Cari is not conducting Inspections for the City of St. Paul, she is teaching part time at South Central Minnesota JATC/Riverland Technical College. We are fortunate to have a presenter who has expert knowledge of past and present Electrical Code requirements and has experience in Electrical Inspections and Instruction.
